dear all,

it came to my attention that FREDERIQUE OGGIER, one of the invited experts in the recent training school in barcelona, will be in switzerland during the upcoming extraordinary inter-disciplinary WG meetings in zuerich.

let me therefore suggest to invite her as expert speaker also for this upcoming meeting. it would indeed be a welcome opportunity particularly for those of us dealing with distributed storage and/or gabidulin network codes.

COST asks me to provide a voting in such a case, so please, respond to this message indicating your vote on this ***only if you are opposed*** by tuesday, may 28th, 12:00 CET.

thanks in advance, and i look forward to seeing some of you at the upcoming meeting.

marcus.
