Dear all,

regarding COST support on the upcoming meeting in Palmela, Portugal, the co-chair and I have prepared the following to seek your approval:

1) The entire MC of COST Action IC1104 (prepared for the CASTLE meeting or not) will be invited for participation during the period Wednesday, September 17th till Friday, September 19th, according to the W&B-Plan for the third year period.

2) In addition to this, and also in accordance with the W&B-Plan and COST rules, we will fund the participants listed below for the same period (see 1b).

3) As visible in the figures of our W&B-Plan, we can still accept late registrations, and hence we propose to keep the registration open till end of July. In case of late registrations we will use on an extension of the fee below:

4) In light of our discussions during the recent MC meeting in Bordeaux, we propose to reduce the Hotel fee rate to 100EUR per night and person.

Please respond to this message only if you are opposed. Deadline: July 26th, 2014, 12:00 CEST.

Thanks for your attention and co-operation.

Marcus + Marc
