Dear all,

regarding COST support on the upcoming meeting in Palencia, Portugal, the co-chair and I have prepared the following to seek your approval.

1) The entire MC of COST-Action IC1104 (organized for the CASTLE meeting or not) will be funded for participation during the period Wednesday, September 17th till Friday, September 19th, according to the WG-Plan for the third grant period.

2) In addition to this, and also in accordance with the WG-Plan and COST rules, we will fund the participants listed below for the same period (see 1)).

3) As visible in the figures of our WG-Plan, we can still accept late registrations, and hence we propose to keep the registration open till end of July. In case of late registrations we will vote on an extension of the list below.

4) In light of our discussion during the recent MC meeting in Bordeaux, we propose to reduce the Hotel fee rate to 100EUR per night and person.

Please respond to this message only if you are opposed. Deadline: July 31st, 2014, 12:00 CEST.

Thanks for your attention and co-operation.
